

SAFETY DATA SHEET

Award Turf Fertilizer with 0.43% Barricade

herbicide 21-0-5 25 EPEC 60

Revision: 06/23/2023 Supersedes Revision: 01/03/2022

1. PRODUCT AND COMPANY IDENTIFICATION

Product Code:	544-5230	
Product Name:	Award Turf Fertilizer with 0.43% E	Barricade herbicide 21-0-5 25 EPEC 60
Reference #:	100-1340-57131	
Company Name:	Eau Claire Coop Oil Company P.O. Box 837 Eau Claire, WI 54702	
Emergency Contact: Information:	Chemtrec Product Related	(800)424-9300 (715)876-6422
Part Number:	544-5237, 544-5235	

2. HAZARDS IDENTIFICATION

Serious Eye Damage/Eye Irritation, Category 2A Acute Toxicity: Inhalation, Category 4 Acute Toxicity: Oral, Category 4 Skin Corrosion/Irritation, Category 2

GHS Signal Word:	Warning
GHS Hazard Phrases:	Causes serious eye irritation.
	Harmful if inhaled.
	Harmful if swallowed.
	Causes skin irritation.
GHS Precaution Phrases:	Wash hands thoroughly after handling.
	Wear protective gloves/protective clothing/eye protection/face protection.
	Use only outdoors or in a well-ventilated area.
	Avoid breathing dust/fume/gas/mist/vapours/spray.
	Do not eat, drink or smoke when using this product.
	Take off contaminated clothing and wash it before reuse.
	Keep out of reach of children.
GHS Response Phrases:	IF IN EYES: Rinse cautiously with water for 15 minutes. Remove contact lenses, if
	present and easy to do. Continue rinsing.
	If eye irritation persists, get medical advice/attention.
	IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
	Call a POISON CENTER/doctor/physician if you feel unwell.
	IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.
	Rinse mouth.
	IF ON SKIN: Wash with plenty of soap and water.
	If skin irritation persists, get medical advice/attention.
GHS Storage and Disposal Phrases:	Dispose of contents/container in accordance with local/regional/national/international regulations.

Skin Contact: May cause skin irritation. May be harmful if absorbed through the skin. Eye Contact: May cause eye irritation. Dust may cause mechanical irritation. Ingestion: May cause gastrointestinal irritation with nausea, vomiting and diarrhea. May be harmful i swallowed. Hazards:	
	6. ACCIDENTAL RELEASE MEASURES
Environmental Precautions:	Prevent further leakage or spillage if safe to do so. Do not let product enter drains or waterways. Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in suitable, closed containers for disposal. Avoid generating dusty conditions. Provide ventilation.
Steps To Be Taken In Case Material Is Released Or Spilled:	Use proper personal protective equipment as indicated in Section 8. Spills/Leaks: Vacuum or sweep up material and place into a suitable disposal container. Clean up spills immediately, observing precautions in the Protective Equipment section. Avoid generating dusty conditions. Avoid breathing dust. Ensure adequate ventilation. Evacuate personnel to safe areas. Do not let this chemical enter the environment.
	7. HANDLING AND STORAGE
Precautions To Be Taken in Handling:	Minimize dust generation and accumulation. Avoid breathing dust, mist, or vapor. Avoid contact with eyes, skin, and clothing. Keep container tightly closed. Avoid ingestion and inhalation. Use with adequate ventilation. Wash clothing before reuse. Wash hands thoroughly after handling.
Precautions To Be Taken in Storing:	Store in a tightly closed container. Store in a cool, dry, well-ventilated area away from incompatible substances, inaccessible to children and domestic animals.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

CAS #	Partial Chemical	Name	OSHA TWA	ACGIH TWA	Other Limits		
57-13-6	Urea		PEL: PNOR 15 Total 5 Resp. mg/m3	TLV: PNOS 10 Inhalable 3 Resp. mg/m3	No data.		
NA	Other Non-Hazar	dous Ingredients	No data.	No data.	No data.

16389-88-1	Dolomitic limesto	ne	PEL: 15 Total 5 Respirable mg/m3	TLV: 10 total 5 Respirable mg/m3	No data.		
Respiratory Equipment (Specify Type):		A respiratory protection program that meets OSHA's 29 CFR 1910.134. Use a NIOSH/MSHA approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced.					
-			Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133				
Protective Gloves:Wear appropriate protective gloves to prevent skin exposure. Use proper technique (without touching glove's outer surface) to avoid skin contact w Dispose of contaminated gloves after use in accordance with applicable I laboratory practices. Wash and dry hands.		with this product.					
Other Protec	tive Clothing:	Wear appropriate p	protective clothing to prevent skin exposure.				
		or utilizing this material should be equipped with an eyewash facility and Jse adequate ventilation to keep airborne concentrations low.					
, ,		Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

		12. ECOLOGIC	AL INFORMA	TION		
General Ecolo Information:	to	his product has low solub fish. However, at concer b. Do not apply directly t	ntrations above the	level of water s	olubility, it n	nay be toxic to

fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff from treated areas may be hazardous to aquatic organisms in adjacent sites. Do not contaminate water when disposing of equipment wash waters.

13. DISPOSAL CONSIDERATIONS

 Waste Disposal Method:
 Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. US EPA guidelines for the classification determination are listed in 40 CFR Parts 261. Additionally, waste generators must consult state and local hazardous waste regulations to ensure complete and accurate classification.

 RCRA P-Series: None listed.
 RCRA U-Series: None listed.

Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material. Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber.

Contaminated packaging. Dispose of as unused product.

14. TRANSPORT INFORMATION

GHS Classification:Serious Eye Damage/Eye Irritation, Category 2A - Warning! Causes serious eye irritation
Acute Toxicity: Inhalation, Category 4 - Warning! Harmful if inhaled
Acute Toxicity: Oral, Category 4 - Warning! Harmful if swallowed
Skin Corrosion/Irritation, Category 2 - Warning! Causes skin irritation

Regulatory Information: This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

CAUTION: Harmful if absorbed through skin. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wear protective eyewear. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Wear long-sleeved shirt and long pants, socks, shoes, and chemical-resistant gloves (such as natural rubber Selection Category A). Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.
